

## ABOUT THE STATE

### HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The 139th anniversary of the Congregational church of Putney was observed Saturday and Sunday.

While walking in the woods in Castleton, Sunday, Mrs. H. H. Parks gathered a bunch of violets, also picking some arbutus buds.

Dr. Henry D. Holton of Brattleboro has been elected an original life member, founder and vice-president of the National Historical society, with offices in New York.

The Bennington and Bellows Falls Boards of Trade will go to Brattleboro soon and the three organizations will discuss matters of common interest. Details have not been arranged.

Miss Doris Macomber of Fair Haven, but for the past five years superintendent of the Waltham, Mass., hospital operating room, has been elected councillor of the Massachusetts State Nurses' association.

J. Wilbur Chapman, the evangelist, with his assistant, Dr. Alexander, is to hold evangelistic services in Brattleboro, beginning November 2. A tabernacle seating 2,000 persons will be erected for the meetings.

Rev. Samuel Rose, pastor of the Congregational church at Cornwall for seven years, has tendered his resignation, to take effect November 7. He has accepted a call to the pastorate of the Congregational church at Chicopee, Mass.

D. B. McCarty of Townsend has taken the contract for cutting the lumber from a large tract of land in Pike's Falls. On the 700 acres to be cut over it is estimated that there are 7,000,000 feet of lumber. It will probably take four or five years to complete the job.

## STOLEN AUTO RECOVERED.

License Number Had Been Replaced and Horn Was Missing.

Burlington, Oct. 20.—The missing Ford that was stolen from Main street Saturday night, was recovered yesterday.

The car was found in the ditch on Oak street, in the north part of the city, where it had been left about 9 o'clock Monday evening by two men who after driving along to a point near the west end of the street, stopped the car and made off toward the Winoski interval.

The night police patrol in the vicinity reported the car at headquarters and yesterday morning Chief Russell went to the scene. The car proved to be the missing one, which is owned by Mead & McKenzie of Hinesburg.

As sub-agents of Lockwood & Churchill, Mead & McKenzie ran the car under the agent's number, 93.

When the car was found it bore the license number at the rear and front of 10829, which is the number of a Cadillac owned by Harry Marks of White River Junction.

The number plate was fastened to the axle of the car by wire. The car was not damaged except that one fender was slightly bent and the horn is missing. It had plenty of gasoline and when a man from the agency started it up, it ran all right.

There is no clue as to who took the car or how the number plate of the Marks car came to be substituted for 93.

## URIC ACID IN MEAT CLOGS THE KIDNEYS

### Hurts or Bladder Bothers

Take a Glass of Salts if Your Back

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority, who tells us that meat forms uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advt.

**CENTRAL VERMONT RAILWAY EXCURSION TO NEW YORK, ALL RAIL, VIA SPRINGFIELD, TUESDAY, OCT. 26, 1915—ONLY \$2 FOR THE ROUND TRIP.**

Tickets will be sold for and good going on through trains for New York leaving Barre at 8:25 a. m. and 11:55 a. m., Oct. 26, and 12:30 a. m., Oct. 27. 236 Main Street  
Sole Agent for "Boston American" in Barre

## IN LOCAL MARKETS

Prices on Country Produce Are Firm—Dressed Pork 10½¢

FRESH EGGS 36¢ PER DOZEN

Butter 28@31¢ Per Pound and Potatoes 60¢ Per Bushel

Barre, Vt., October 20, 1915.

Prices on country produce firm. Wholesale quotations: Dressed pork—10½¢. Veals, fancy—12¢. Lamb—14¢. Chickens—20@22¢. Fresh eggs—36¢. Butter, creamery—30@31¢. Butter, dairy—28@29¢. Potatoes—60¢.

## RICKER'S MARKET REPORTS.

No Sale of Milk Cows, Market Closed—Beef Lower.

St. Johnsbury, Oct. 20.—At W. A. Ricker's market beef is reported lower, with hogs, veal and lamb firm. Receipts for the week ending October 18 included: Poultry—2,500 lbs., 8@10¢. Lamb—550, 3@7¢. Hogs—420, 6@7½¢. Cattle—220, 3@6½¢. Calves—570, 3@7½¢. Milk cows—No sale; market closed.

## IN BOSTON MARKETS.

Sales Rather Dull in All Lines, but Eggs Are Still Firm in Price.

Boston, Oct. 20.—Demand for butter is still moderate and receivers find trouble in effecting a clearance of receipts except by meeting buyers on prices. The strength of the English market and reports of export inquiries tend to strengthen the cheese market despite the fact that supplies are large and the domestic demand moderate. Strictly fresh new-laid eggs clean up closely at firm prices, but eggs that are fresh merely because they have not been in cold storage go hard and prices favor buyers. Real estate eggs find a better market than many of the so-called fresh eggs.

Butter—Fancy northern creamery, tubs 30½@31¢, boxes 31½@32¢, prints 32@32½¢. Fancy western creamery 30@30½¢, good to choice creamery 28@29¢, fair to good 27@28¢.

Cheese—Twins, fancy 16@16½¢, fair to good 15@15½¢. Young America 17@17½¢. Eggs—Fancy henery 40@50¢, choice eastern 43@44¢, western extras 43@44¢, prime extras 35@36¢, first 32@33¢, storage extra 29@30¢, first 26@27¢.

COWS SOLD FOR BEEF.  
Heavy Losses on Quarantined Animals at Brighton.

Brighton, Mass., Oct. 20.—According to statements made yesterday morning, the livestock situation at the Brighton stockyards is being slowly straightened out. About one-half the cows that were in the barns when the quarantine was imposed two weeks ago have been sold for beef. None of the cows which were in the barns at that time have been allowed to be sold as milk cows, and it is understood that the remaining cows must be sold for beef purposes. There is much complaint about the management of the case among shippers and buyers. Shrinkages of fully 30 per cent in value are noted in the cows already sold. Cows that would have brought \$100 easily have been sold at \$50 or less, their value for beef being much less than as milk cows. Some of the shippers who are most bitter in expressing themselves ask why all the burdensome restrictions need to be continued if the animal so long under observation was not suffering from the foot-and-mouth disease.

Shipments of livestock were being made into the yards yesterday morning, the restrictions prescribed before the recent opening of the barns being again in force.

Arrivals of fancy beef cattle were unusually heavy, several shippers bringing in fancy animals for which they were asking 80¢. This was about the top for the day, the range for the best offerings being 85¢@90¢, with good cattle at 75¢@80¢, and light cattle at 65¢@70¢.

The best beef cows were hard to sell at over 60¢, the sale of the cows released from the quarantine of the cow barns was slow and weakened the regular market. Top sold at 54¢@56¢, though a few cows were held for more money. Good cows sold at 50¢@52¢, ordinary cows at 46¢@48¢ and canners at 38¢@40¢.

Bulls were scarce, and offerings would not rank as choice. Bologna stock sold at 45¢@46¢, with ordinary bulls at 40¢@42¢ and tops at 60¢.

Little change was noted in calves, arrivals being small and prices well sustained. Fancy calves brought 10½@11½¢ in a few cases; good lots bringing generally 9@10¢, with fair lots at 8@9¢ and grassers and drinkers at 4@5¢.

Hogs advanced a little in sympathy with the western markets. Sales of best lots were made at 85¢@90¢, with rough lots at 80¢@85¢ and hogs at 65¢@70¢. Few sheep and lambs were noted in the city's receipts, sales being reported of lambs at 82¢ and sheep at 85¢.

The range of prices was 60¢ for lambs and 50¢@55¢ for sheep.

**POTATO PRICES SLUMP.**

Arrostock County Product Now Selling at \$1.85@1.75 a Barrel.

Houlton, Me., Oct. 20.—The price of potatoes has taken a heavy slump in Arrostock county from the top-heavy prices of \$2.15 and \$2.25 of the past week and are now selling at \$1.85@1.75 a barrel, with very few coming in. It is reported that many potatoes have been raised in the state outside of Arrostock and the price will not be advanced very much for several weeks. An over-supply on the market is the principal cause for the slump.

## Had Lung Trouble and Expected to Die

The many recoveries brought about by Eckman's Alternative are attracting wide attention. Read about this case.

33 B. St., Keyser, W. Va.  
"Gentlemen—I was taken sick in November, 1908. I grew steadily worse. Had two consultations. The verdict was the fever had affected my lungs and that my case was hopeless; only gave me two months to live. My physician had tried most all kinds of treatment and none was any good. So he asked my husband if he objected to him trying a proprietary medicine. I was in bed from November 30, 1908, until February 25, 1909, and was thought dying several times. Today I am healthier and stronger than ever." (Abbreviated.)

(Signed) MRS. H. K. BRILEY.  
Eckman's Alternative is most efficacious in bronchial cough and acute and chronic throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, \$1; regular size, \$2. Sold by leading druggists. Write for booklet Eckman Laboratory, Philadelphia.

Two Hundred and Fifty Stories.

And every story a good one. They are entertaining, but that is not all you can say about them. You know there is hardly a periodical published that is not full of time-wasting stories, but not a single story in the Youth's Companion is a time waster. Take the stories of C. A. Stephens. It would be hard to pick out one from which you cannot learn something useful and yet entertaining.

Some of The Companion stories refresh your knowledge of geography; some tell you the mysteries of chemistry, some reveal the secrets of forestry and of general farming. They cover a wide range.

They are chosen with an eye to the possibilities of every member of a Companion family—stories of vigorous action and stirring adventure for boys, stories of college life and domestic vicissitudes for girls, stories that range all the way from sheer drollery to deep seriousness for men and women. There are no stories quite like those in The Companion.

If you are not familiar with The Companion as it is to-day, let us send you sample copies and the forecast for 1916. New subscribers who send \$2 for 1916 will receive free a copy of The Companion home calendar for 1916, in addition to all the remaining 1915 issues from the time the subscription is received. The Youth's Companion, Boston, Mass.—Advt.

## Boy Arrested On Serious Charge.

Harold Hudson, the state-boy who has lived for some time in the home of James White in Windham and who on Thursday, Oct. 14, shot and badly wounded in the face and shoulder Charles Jones, son of a neighbor, claiming that he had mistaken Jones' head and cap for a partridge, was arrested Monday by Constable E. L. Stowell of Windham. He was taken to Newfane, where bail they have not been in cold storage go hard and prices favor buyers. Real estate eggs find a better market than many of the so-called fresh eggs.

The authorities have made no statement as to the reason for the arrest but it is understood that Jones was in the act of picking apples under a tree in an open lot and that there was nothing to interfere with the vision of a hunter.

The Hudson boy, who is 14 years old, recently came into possession of the gun with which he shot Jones, as a result of which the wounded boy is in the Rockingham hospital and may lose the sight of his right eye. Shot entered his face and shoulder.

The authorities will make no statement as to the reason for the arrest but it is understood that Jones was in the act of picking apples under a tree in an open lot and that there was nothing to interfere with the vision of a hunter.

## CABOT

Funeral of S. B. Blodgett Held Monday from Congregational Church.

The funeral of Stephen Blaney Blodgett was held at the Congregational church at 2 o'clock on Monday afternoon. The church was filled with relatives and friends of the deceased, the Grand Army post, of which he was a member, and the Woman's Relief corps coming in a body, and after the services standing at salute with open ranks while the procession passed on the way to the Durant cemetery at Lower Cabot, where he was laid at rest beside his first wife.

Prayer was offered by Rev. F. R. Currier and his pastor, Rev. Mr. Hale, spoke feelingly of his record as a soldier and citizen, and his interest in the religious life of the community. There was a profusion of flowers, among which was a set piece of pink and white roses and carnations from the children.

Among those from out of town who were present were Mr. and Mrs. Charles Davis and H. E. Burnap and wife of Hardwick; Charles and Harriet Blodgett of Danville; Miss Carrie Bolton of Montpelier; Mr. and Mrs. J. R. McLean of St. Johnsbury; Mr. and Mrs. Charles K. Cole, Ellen Warden and Alice Blodgett of Hyndsville, N. Y.; Mrs. Jennie Hickie and son, Wendell, and Mrs. Evelyn McBryer of Orange City, Fla.

## STOMACH TROUBLES

Digestion is largely a mechanical process. When there are stomach troubles, there is usually a weakness of the muscles upon which digestion so largely depends. To strengthen these muscles and overcome stomach troubles, our druggist, Floyd G. Russell, proprietor of the Red Cross Pharmacy, guarantees Vinol, a reliable non-secret remedy, which contains iron to purify and enrich the blood, the medicinal extracts of fresh cod livers, without oil, and the nourishing properties of beef peptone, all combined in a delicious native wine. If you are suffering from stomach trouble, it will pay you to try it.—Advt.

## ADMINISTRATOR'S SALE

I will sell at Public Auction at the Home Place of Mary J. Tanner, in Marshfield Village, on the St. Johnsbury road,

**Wednesday, October 27,**

at 2 o'clock, the HOME PLACE, also 8 acres of land with barn in Cabot on same road.

**O. H. SMITH, Administrator**  
Marshfield, Oct. 5, 1915.

## Auction Sale

### —OF—

## FARM, STOCK AND TOOLS

On account of not being able to do the work on so large a farm and as I intend to occupy my smaller farm, I have decided to sell at public auction to the highest bidder, on

**THURSDAY, OCTOBER 21**  
at 10 o'clock in the forenoon, on the premises now occupied by O. M. Johnson, known as the Messer farm, on Maple Hill, in Rochester, 3½ miles from the depot at Rochester village, the following described real estate and personal property:

**MY HOME FARM**  
known as the Messer farm, containing about 365 acres of land, about 70 acres of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes. One of the best sugar orchards in the county, 3,500 trees, with a \$1,000.00 equipment; sugar made on this farm has been awarded the highest at the World's fair; yearly income from this source about \$700.00; large amount of growing spruce; estimated 300 cords of nearly level tillage, all machine worked; balance pasture and woodland; one of the best pastures in the county, well watered; will keep 50 head summer and winter; large amount of cultivated fruit, apples, pears, plums, cherries, raspberries, blackberries, strawberries and grapes.
